A Crochet Cabaret!

Grab your hooks and turn up the tunes for our first Music Issue!

One of my favorite TV shows is *Glee* on Fox. I have such great admiration for the talented group of singers and dancers on the show, especially after I attempted to take voice lessons a couple of years ago. I always thought you could learn how to sing—I proved that you cannot. Still, I can appreciate music and, when no one's around, sing aloud while doing my craft. Like crochet, music inspires us, gives us joy and comfort, and keeps our brains active and thinking creatively. That's why it's the perfect theme for our first issue of 2012—and what a fun issue it is.

First, we honor rock 'n' roll on page 17 with a tribute to the Rolling Stones, who turn 50 this year, and other classic rockers. I adore the Under My Thumb Gloves on page 28 as well as the Stevie Shawl, designed by our favorite duet: The Double Stitch Twins, Erika and Monika Simmons. The design was inspired by Stevie Nicks' fringed shawls from the '70s—yep, they're back.

We couldn't do a music issue without giving our regards to Broadway. Stitch up an Annie dress for your favorite little

girl or get inspired by other big hits for yourself or your sig-o. The star-worthy accessories all start on page 39.

Valentine's Day is just around the corner too. "All You Need Is Love" on page 55 has sweet projects for kids and loved ones, like a heart necklace, lovebird blanket, and a quirky record pillow for your music lover.

Finally, who doesn't love the '80s? OK, neon, teased hair, and parachute pants weren't the best ideas, but we dug up a few patterns from the early '80s and salvaged them in modern colors and styles for today. Check 'em out on page 73. Then, grab your hooks, guys and dolls, and stitch to the beat of your favorite songs.

Enjoy!

HEAVEN SCENT

Protect your stash (and your finished sweaters) from moths and other pests with fragrant lavender-scented stones. Each organdy sachet bag contains ceramic pieces hand-pressed by Sony Hartley, who originally devised them as a way to use up leftover clay. Lavender naturally repels moths, and you can renew the scent with a few drops of lavender oil.

2 Some rows of the guitar strap are worked with RS facing, some with WS facing. Turn work only when directed.

FINISHING

Weave in all ends.

ASSEMBLY

Attaching Studs

Place studs in every third stitch across center 2 sc rows of strap. Leave approx 1"/2.5cm at either end of strap without studs; these sections are partially covered by ends. Using flathead screwdriver, attach studs by inserting prongs through RS of fabric, then bend prongs inward as far as possible on WS of fabric (toward each other).

Prongs should face long edges of straps, not each other, for maximum strength.

Attaching Ends

Insert one end of strap approx .5 (1)/1.5 (2.5)cm into Tie End. Insert other end of strap approx .5 (1)/1.5 (2.5)cm into Buttonhole End. Using yarn needle and beginning yarn tails, stitch ends securely in place through all layers. Stitch strap and ends together securely.

Weave in all ends.

Stitching Webbing to Back of Strap

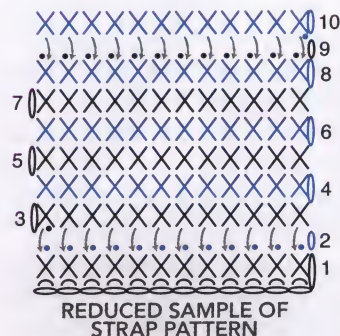

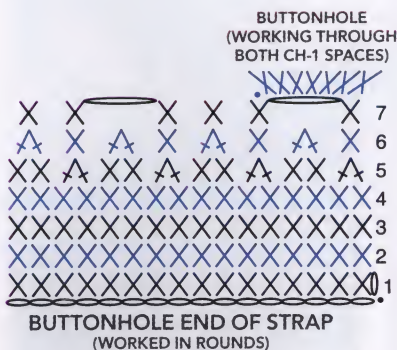

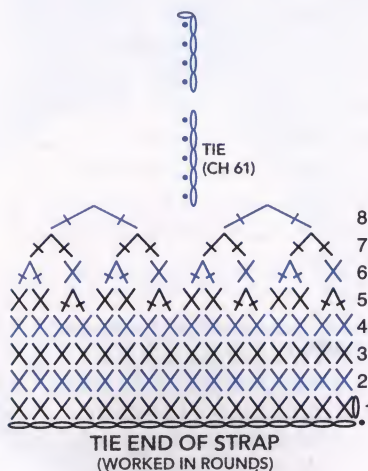

Trim webbing to fit into space between ends of Guitar Strap. Using lighter or candle flame, melt each end of webbing slightly to prevent fraying. Pin webbing to back side of Strap. With needle and thread or sewing machine, stitch webbing to back side of Guitar Strap around all 4 outer edges of webbing. If sewing by machine, keep webbing side down.

Metal studs add about an hour to this quick project.

Tip

For guitars with no top strap button, make a longer Tie End that can be tied around the head stock above the fret board.

Crochet Doctor

Cro-pro **Linda Permann** shows you how to read schematics and gives the Rx for finished edges.

Q: What does it mean when the pattern tells me to “evenly crochet” around the edge of a piece? How many stitches should I work?

A: This is an easy way to create a straight, finished edge. If the pattern doesn't specify an exact number of stitches, use your best judgment to create a flat, smooth edge. I usually work one stitch into the top and bottom edges of crochet rows (where stitches are easy to identify), but the side edges can be a little trickier. My rule of thumb: Work 1 stitch into the side of each sc row, 2 stitches per dc row, and 3 stitches for every two rows of hdc. I also work 3 stitches in corners to help the border turn and prevent it from curling.

When the instructions specify the number of stitches to crochet, it's

usually because the edging is a setup for another edging row, with a pattern that needs a certain multiple of stitches.

To evenly distribute stitches over a large area, break the piece into sections. For instance, to work 150 stitches along the edge of a shawl, divide the edge by 5. Place a removable stitch marker at each 1/5 interval along the edge. Divide the total number of stitches over the number of sections (i.e., 150 stitches divided by 5 sections = 30) and work that number of stitches into each marked section. Of course, the numbers don't always fit so cleanly, but the sections help you decide where to redistribute extra stitches. So if the pattern calls for a total of 153 stitches, work 1 extra stitch in every alternate section (31, 30, 31, 30, 31 stitches).

This way, you won't end up with a ruffled edge (caused by too many stitches), or run out of stitches before the end of the row. When working on a square piece, divide by a multiple of 4 since there are four obvious sections, but feel free to further subdivide your work with markers (see photo). You can use this sectioning technique for any shape. •

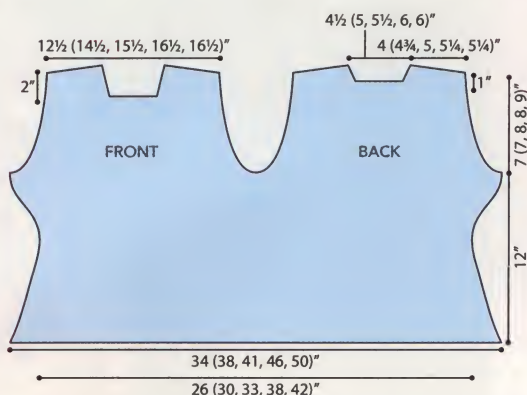

Q: What is a schematic and how do I use it?

A: A schematic is a blueprint of the piece (or pieces) you are making, usually for a garment. Schematics provide a quick visual overview of the shape and measurements of each piece, making it easy to understand the construction at a glance and plan any changes you may want to make. For instance, this vest schematic shows that it is worked in one large piece from the bottom

up, with some waist shaping; and that the collar is deeper in front than in the back. Unless otherwise indicated—usually with an arrow—work begins at

the bottom of the schematic.

You can use this information to compare your measurements with the finished measurements, and if you're confident, make changes to the fit. For instance, for a boxy fit, you could eliminate some of the vest's waist shaping. Before you proceed with any shaping segment (such as the armholes), ensure that your piece's measurements match the schematic's measurements. Just keep in mind that schematics represent the finished, blocked size of each piece, so your work may not measure up exactly, especially if your gauge swatch grew or shrunk when you blocked it.

HOW TO MAKE A GAUGE SWATCH

Ch 26.

Row 1 Sc in 4th ch from hook (skipped chs count as beginning ch-1 sp), *ch 1, sk next ch, sc in next ch; repeat from * across—12 sc and 12 ch-1 sps.

Row 2 Ch 2 (counts as beginning ch-1 sp here and throughout), turn; sc in first ch-1 sp, *ch 1, sc in next ch-1 sp; repeat from * across, ending with sc in beginning ch-1 sp.

Rows 3–24 Repeat Row 2 for 22 more rows. Resulting gauge swatch should measure approx 4"/10cm square. If necessary, adjust hook size to obtain correct gauge.

Notes

1 Tie is crocheted with two balls of the same color yarn, starting each strand at the beginning of a different color repeat. Alternate the balls every 2 rows to get a striped effect. If you get to a point in the repeat where both colors are the same, cut 1 strand and rejoin at the next color change.

2 Mark 1 ball as color A and 1 ball as color B.

3 To change colors, work last stitch of old color to last yarn over. Yarn over with new color and draw through all loops on hook to complete stitch. Carry the unused color up the side of the tie.

With 5 sc and 5 ch-1 sps in each row, repeat Rows 3 and 4, alternating A and B every 2 rows, for approx 15"/35cm more, ending by working a Row 3 repeat.

Work Decrease Row as before—4 sc and 4 ch-1 sps.

With 4 sc and 4 ch-1 sps in each row, repeat Rows 3 and 4, alternating A and B every 2 rows, for approx 10"/25cm more, ending with a Row 3 repeat.

ASSEMBLY

Referring to photograph, use yarn needle and opposite color of crochet thread to embroider a letter on each heart with Chain st. Thread an eye pin horizontally through top of each heart, starting and ending on left and right sides of heart.

With pliers, curl open end of eye pin into a ring. With wire cutters, snip off excess at end of eye pin. With wire cutters, cut necklace chain into 2 11"/28cm, 2 9.5"/24cm, and 1 3"/7.5cm lengths.

With needle-nose pliers, open jump rings. String one small jump ring onto each eye pin on sides of Hearts and onto one end of longer necklace chains, making sure 9.5"/24cm chains are on each side of Heart Top and 11"/28cm chains are on each side of Heart Bottom. Close these 4 small jump rings. Thread each of the 2 remaining small jump rings onto other end of two chains (one chain from each Heart), making sure embroidered letters on Hearts are facing same direction. Thread short chain onto one small ring and lobster closure onto other small ring. Close these 2 small rings. Thread large jump ring onto other end of short chain. Close large jump ring.

GAUGE

14 sc and 15 rows = 4"/10cm in Tapestry Crochet

Remember to check gauge for best results!

HOW TO MAKE A GAUGE SWATCH

With A, ch 15 loosely.

Rows 1–15 Work same as Rows 1–15 on Panel 2, carrying nonworking strand, as explained in Notes below—14 sc. Resulting gauge swatch should measure approx 4"/10cm square. If necessary, adjust hook size to obtain correct gauge.

NOTES

1 Two strands of yarn are used when working tapestry crochet. One is the working strand and the other is the nonworking (or carried) strand. Tapestry crochet sts are

worked by carrying the nonworking strand over the top of the sts in the row below, while working single crochet sts with the working strand over the carried strand. The working strand's sts cover and encase the carried strand. This method creates a substantial and thick fabric. If there are no color changes in a row, continue to work over the carried strand to achieve the same thickness throughout.

2 To change colors, work last st of the working strand to last yarn over. Yarn over with the new working strand (previously the carried strand) and draw through all loops on hook to complete stitch.

3 Each panel consists of 5 alternating sections of hearts and stripes with 22 rows in each section, for a total of 110 rows in each of the 4 panels.

4 Heart sections of panels may have a different gauge due to the changing of colors throughout the rows. To avoid this, do not work sts tightly in the heart sections.

5 Block panels to approx 6"/15cm wide x 30"/76cm long before joining them to get a more uniform gauge throughout.

BLANKET

Panel 1 (Make 2)

With A, ch 20 loosely.

Row 1 (WS) Working over B, sc in 2nd ch from hook and in each remaining ch across—19 sc.

Row 2 (RS) Working over A, ch 1, turn; sc in each sc across.

Rows 3–110 Work same as Row 2, changing colors as indicated on Panel 1 diagram at end of striped rows or within rows for heart sections.

At end of last row, do not change colors and do not fasten off.

Left Panel Edging

Drop B. Working with A only, rotate panel 90 degrees to work along left side edge. With RS facing, ch 1, sc in edge of first row, sc in edge of each row with A at edge, *on rows with B at edge, work (ch 2, sk edge of 2 rows with B at edge), sc in edge of each row with A at edge; repeat from * down left edge to bottom of panel. Fasten off.

Right Panel Edging

With RS facing, join A with sl st in right side edge of Row 1, ch 1, sc in edge of same row and in edge of each row with A at edge, *on rows with B at edge, work (ch 2, sk edge of 2 rows with B at edge), sc in edge of each row with A at edge; repeat from * up right edge to top of panel. Fasten off.

Panel 2 (Make 2)

With A, ch 20 loosely.

Rows 1 and 2 Work same as Rows 1 and 2 of Panel 1, changing to B in last sc on Row 2.

Rows 3–110 Work same as Row 2 on Panel 1, changing colors as indicated on Panel 2 diagram at end of striped rows or within rows for heart sections. At end of last row, do not change colors and do not fasten off.

Left Panel Edging

Drop A. Working with B only, rotate panel 90 degrees to work along left side edge. With RS facing, ch 1, sc in edge of first row, ch 1, sk next row, sc in edge of each row with B at edge, *on rows with A at edge, work (ch 2, sk edge of 2 rows with A at edge), sc in edge of each row with B at edge; repeat from * down left edge to bottom of panel to last 2 rows with A at edge, ch 1, sk next row, sc in edge of last row. Fasten off.

Right Panel Edging

With RS facing, join B with sl st in right side edge of Row 1, ch 1, sc in edge of same row, ch 1, sk next row, sc in edge of each row with B at edge, *on rows with A at edge, work (ch 2, sk edge of 2 rows with A at edge), sc in edge of each row

Tip

Watch gauge closely when working heart sections of panels so your stitches aren't too tight!

with B at edge; repeat from * up right edge to top of panel to last 2 rows with A at edge, ch 1, sk next row, sc in edge of last row.
Fasten off.

Panel Joinings

With RS facing, pin side edges of panels together, starting with a Panel 1 on the left, alternating panels as shown in photo. With WS of Panels 1 and 2 together, Panel 1 in front of Panel 2 and working through both thicknesses, beginning at top of side edge, join A with sl st in top sc along side edges of Panel 1 and Panel 2, ch 1, sc in same st as joining, working from left to right, *ch 1, sk next st, rev sc in next st; repeat from * across to bottom of side edge, ending with rev sc in last 2 sts (there should be no ch-1 sp between last 2 sts).
Fasten off.

Note Each chain of a ch-2 sp or ch-1 sp on side edgings counts as a st. When you come to a ch-2 sp on one of the panels, work a rev sc and a ch 1 in

the ch-2 sp, then work the next rev sc in the following sc after the ch-2 sp.
Work other 2 panel joinings in same manner. At end of joining last 2 panels, do not fasten off.

Blanket Edging

Ch 1, pivot piece to work around outer edges (and in panel joinings), working from left to

right, sc in same st as last sc, *ch 1, sk next st, rev sc in next st; repeat from * around, working (rev sc, ch 1, rev sc) in corner sts to keep corners flat; join with sl st in first sc.
Fasten off.

SPECIAL TECHNIQUE

adjustable ring method Holding thread a few inches from end, wrap around your finger. Leaving wrap on finger, insert hook into wrap and draw up loop of working yarn. Ch 1 to secure the loop, and remove ring from finger. Work sts of first round in the ring. Pull gently, but firmly, on tail to tighten ring.

NOTES

1 Work each Speaker Cover in the round from one side to the other. Create a vertical slit in middle of each Speaker Cover, which is positioned on the outside of each speaker.

2 The Headband is worked back and forth in rows. Each end is then sewn to one Speaker Cover. Sts are worked around the assembled piece to edge it and to make evenly spaced Button Loops across the Headband.

3 The white Hearts are crocheted separately and hide the vertical slit in the Speaker Covers. Half of a Heart is sewn to the outside of each Speaker Cover and decorative stitching is continued around the other half of the Heart. A snap fastens the free side of the Heart to the other side of the Speaker Cover, hiding the vertical slit.

SPEAKER COVER

(Make 2)

With A, make an adjustable ring.

Round 1 (RS) Work 6 sc in ring; do not join, work in a continuous spiral—6 sc. Pull gently, but firmly, on tail to tighten ring.

Round 2 Work 2 sc in each sc around; join with sl st in first sc—12 sc.

Round 3 [Sc in next sc, 2 sc in next sc] 6 times—18 sc.

Rounds 4 and 5 Sc in each sc around.

Round 6 Ch 10, sk next 10 sts for vertical slit, place marker in bottom of first ch and top of first skipped st for top of vertical slit, sc in next 8 sc—8 sc and 1 ch-10 sp.

Round 8 Sc in each sc around.

Round 9 [Sc in next sc, sc2tog] 6 times—12 sts.

Round 10 [Sc2tog] 6 times—6 sts.

Fasten off, leaving a 10"/25.5cm tail. With yarn needle, thread tail through the front loop of each of the 6 remaining sts and pull to close opening.

Secure end.

HEADBAND

With A, ch 45.

Row 1 Working in back bumps only, sc in 2nd ch from hook and in each remaining ch across—44 sc.

Rows 2 and 3 Ch 1, turn, sc in each sc across. Fasten off.

With yarn needle, sew each end of Headband to the top edge of the vertical slit in a Speaker Cover between the markers and remove the markers.

EDGING

Note Before beginning Edging, notice that there are 10 sts on either side of each of the vertical slits (the back bumps of 10 ch on one side and 10 sk sc on the other side of the slit). Also, there are 44 sts on each side edge of the Headband (the back bumps of 44 ch on one side and 44 sc on the other side). The Edging is worked into these sts, working all the way around, beginning at the bottom of a vertical slit.

Round 1 With RS of assembled piece facing, beginning at a Speaker Cover end, insert hook in first st at bottom of one side of vertical slit, draw up a loop, yarn over and draw through loop on hook, sc in same st, hdc in next 9 sts of vertical slit, hdc in next 44 sts of Headband, hdc in next 9 sts of one side of other vertical slit, sc in next st (at bottom of vertical slit), sc in first st on other side of vertical slit, hdc in next 9 sts of vertical slit, hdc in next 44 sts of other side of Headband, hdc in next 9 sts of other side of first vertical slit, sc in next st.

Button Loops Sl st in next st (first sc of Round 1), sl st in next 8 sts, [(sl st, ch 3, sl st) in next st, sl st in next 2 sts] 16 times, sl st in next 7 sts. Fasten off.

HEART

(Make 2)

With B, make an adjustable ring.

Round 1 (RS) Work 6 sc in ring; join with sl st in first sc—6 sc. Pull gently, but firmly, on tail to tighten ring.

Round 2 Ch 1, (sc, hdc, dc) in next sc, (2 dc, hdc) in next sc, 2 sc in next sc, ch 2, sl st in back bump of 2nd ch from hook, 2 sc in next sc, (hdc, 2 dc) in next sc, (dc, hdc, sc) in next sc; join with sl st in beginning ch. Fasten off.

Tip

This cover is removable and washable and would look great in a variety of color and button pairings.

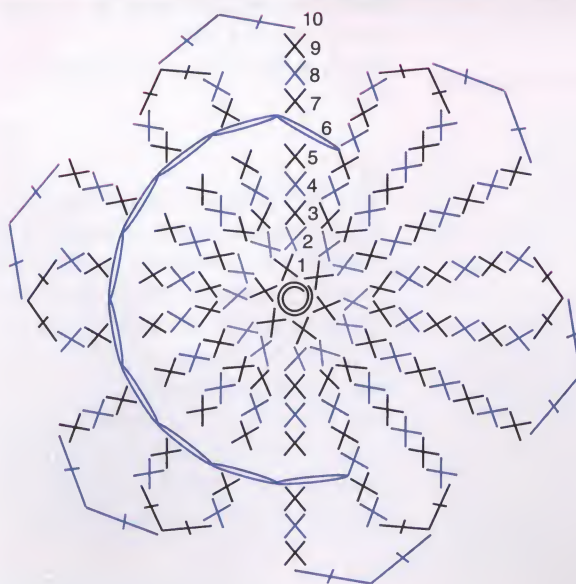

FINISHING

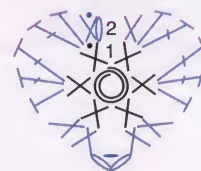

Note The following steps may be easier to complete after putting the cover on your headphones.

With yarn needle and A, backstitch half of a Heart to outside of half of a Speaker Cover. Continue backstitching around the other half of the Heart for decoration only. Do not attach this second half of the Heart to anything; it must remain free so that the Headphone Cover can be removed.

With sewing needle and thread, sew half of a snap to underside of Heart and sew the other half of the snap to Speaker Cover. Repeat to attach other Heart and snap to other Speaker Cover. With yarn needle and A (or sewing needle and thread), sew buttons along Headband opposite Button Loops.

Motif B

(Make 4)

Work same as Motif A, except work Rounds 3 and 4 with C and Round 5 with B.

FINISHING

Motif Assembly

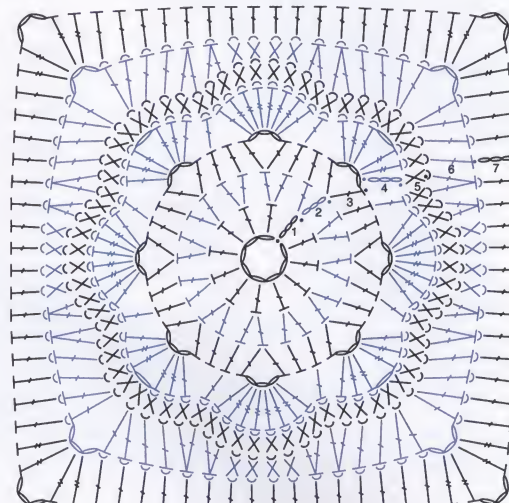

With RS facing, arrange motifs into 2 groups of 4 motifs, each group 2 motifs wide and 2 motifs high—alternating Motif A and Motif B—as shown in photo. Work seams with Mattress st or Whip st in BL of sts around edges to join each group of 4 motifs tog, forming Front and Back pieces.

Weave in all ends.

Pillow Assembly

With WS facing and RS of Front facing, join A with sc in any corner ch-3 sp on assembled motifs. Working through both thicknesses, work rev sc evenly spaced around outside edge of Front and Back, working 3 sts in each corner ch-3 sp. After seaming 3 sides of pillow cover, insert pillow form. Continue working rev sc around to beginning; join with sl st in first sc. Fasten off.

Weave in remaining ends.

Tip

If you want to crochet the motifs instead of sewing them together, hold two motifs with RS together and work sc in the back loops of each stitch across.

What About Bobbles?

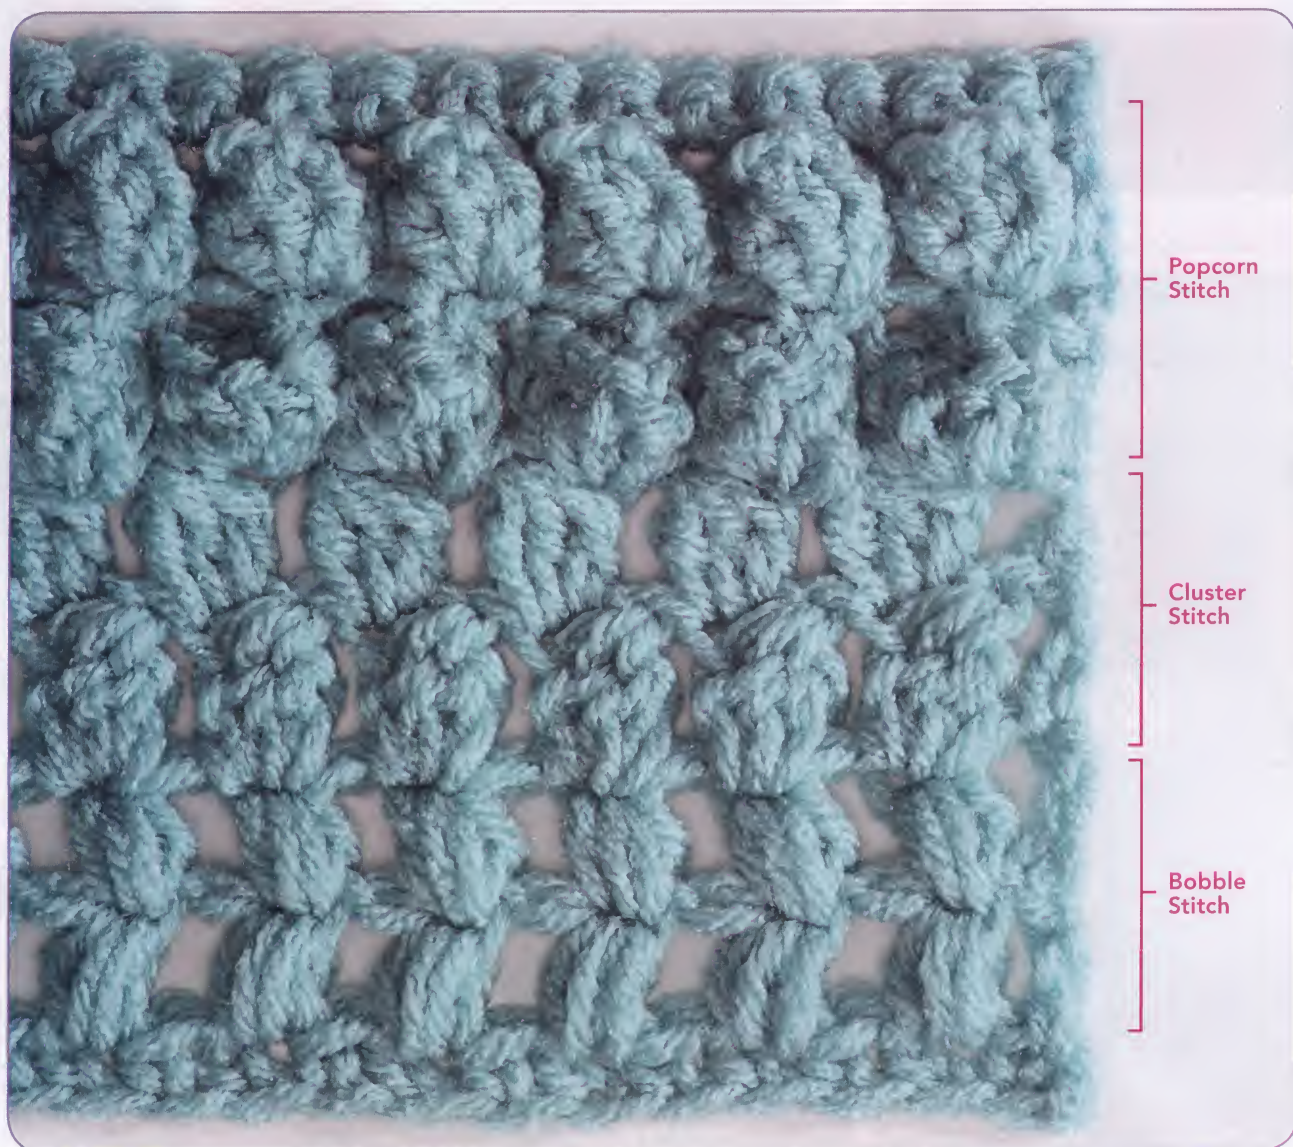

Designer **Ellen Gormley** sets the stitch straight when it comes to clusters, popcorns, puffs, and bobbles.

Bobble crochet is the latest crochet trend to hit the streets. These special grouped stitches add tons of texture and interest to projects and are also fun to make! But do you know your bobbles from

your popcorns? For many, they can be difficult to distinguish. To add to the confusion, there hasn't been much uniformity in what they're called across the crochet world, which is why I suggest you always check your pattern first

to learn how these special stitches are supposed to be made.

Here, I'll teach you how to crochet each one, showing that the only difference is the amount of the stitch you complete before moving to the next step.

The Bobble Stitch

Also called the *puff stitch*, bobbles are made up of several partial half-double-crochet (hdc) stitches. After working a bobble stitch with an odd number of loops (for example, 3 or 5), close it by pulling the last loop made through all the loops on your hook. Here's how.

Step 1 Make several partial hdc in the same stitch or space. Every time you repeat the "yarn over, insert the hook, and pull up a loop" sequence, you add two loops to your hook.

Step 2 Yarn over, pull through all the loops on your hook, then bind off all partial stitches into one neat package.

The Cluster Stitch

Clusters (abbreviated Cl) are partial stitches all made in the same stitch or space. (If you place each partial stitch in a new space or stitch and then bind them off together, that is called a decrease, instead of a cluster.) Clusters are most commonly made with 3 or 5 partial double-crochets (dc), but you can use treble crochet and other stitches, as well. Here's how.

Step 1 Begin the cluster stitch by completing the first half of a double (or treble) crochet, but don't work the last yarn over.

Step 2 Make 2 more partial dc in the same stitch by yarning over, drawing up a loop, and then pulling through 2 loops on your hook. Bind off the partial dc by yarning over and pulling the yarn through all the loops on your hook, closing the cluster.

The Popcorn Stitch

Popcorn stitches *pop up* from the surface and create texture. They are usually made by working 3 or 5 complete double-crochets (dc) in one stitch or space, which are then drawn together. Popcorn stitches are often separated by a chain or two. Here's how.

Step 1 First, make 5 dc in 1 stitch, removing your hook from the last stitch to leave an open loop.

Step 2 Insert the hook into the first stitch of the group, then back into the open loop.

Step 3 Pull the open loop through the top of the first stitch to close the group. With your finger, poke the popcorn to the right side of the fabric's surface.

HOW TO MAKE A GAUGE SWATCH

Ch 11.

Row 1 Sc in 2nd ch from hook and in each remaining ch across—10 sc.

Rows 2–11 Ch 1, turn, sc in each sc across. Resulting gauge swatch should measure approx 4 x 4"/10 x 10cm. If necessary, adjust hook size to obtain correct gauge.

NOTES

1 It is tempting to use your eye to judge where bobbles and post stitches should be worked. But it is more accurate to count stitches to ensure that the stitches are lined up as intended.

2 Take care to work only into back loops (BL) on Row 1. The free front loops are used for finishing the bag.

3 All bobbles are made on the right side. If they show up on the wrong side, push them back to the right side.

4 FPCI are worked around clusters two rows below the working row (one row below the row into which you would usually work). Skip the stitch 'behind' each FPCI. When working FPCI around a cluster, insert hook around the thick part of the stitch. Work these stitches loosely so they do not distort the fabric, which should lay flat.

BACK

Make same as front.

FRONT GUSSET

First Side Edge

With right side of front facing, join yarn with sl st in top corner to work down side edge.

Row 1 (RS) Ch 1, working under 2 loops at the end of each sc row, work 30 sc evenly spaced across side edge to lower corner. Fasten off.

Second Side Edge

With right side of front facing, join yarn with sl st in lower corner to work up opposite side edge.

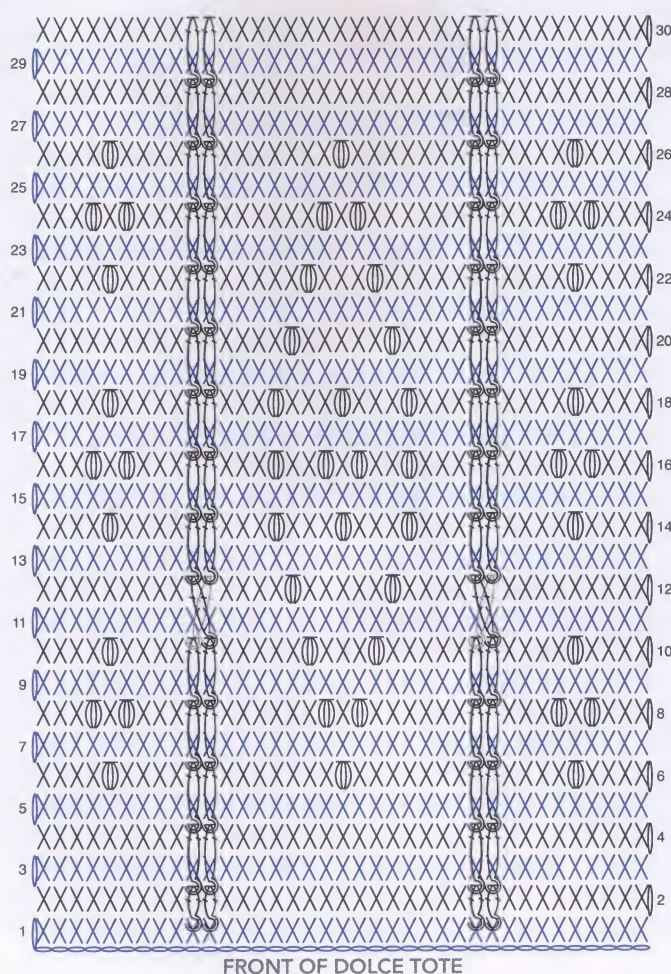

Row 1 (RS) Ch 1, working under 2 loops at the end of each sc row, work 30 sc evenly spaced across side edge to top corner. Do not fasten off.

Row 2 (WS) Ch 1, turn, FPsc around each sc across side edge; working in free loops across opposite side of foundation ch, sc in each ch across lower edge; FPsc around each sc across other side edge—97 sts.

Row 3 Ch 2, turn, sk first st, 2-dc Cl in each st across—96 sts.

Row 4 Ch 1, turn, sc in each st across.

Row 5 Ch 2, turn, 2-dc Cl in each st across. Fasten off.

BACK GUSSET

Work same as for front gusset, working First Side Edge Row 1, and Second Side Edge Rows 1 and 2.

Fasten off.

FINISHING

Join Front and Back

Hold front and back with wrong sides together, matching the stitches of the last rows of both pieces. With right side facing and working through both thicknesses, join yarn with sl st in first st at top corner, sl st in each st all the way across gussets to join.

Fasten off.

Use yarn tails to sew top edges together neatly, as needed.

Bag Handle Flaps

Place bag on flat surface. Place one bag

handle on surface, centered above the top edge of the bag. Place markers on top edge of bag, front and back, to indicate where ends of handle meet top edge. Place markers centered beneath the handle ends. Adjust the markers, if needed, to ensure that the same number of stitches appear before the first marker and after the last marker.

Row 1 With right side facing, join yarn with sc in st before marked st, sc in marked st, sc in next st—3 sc.

Rows 2 and 3 Ch 1, turn, sc in each st across.

Fasten off, leaving a long tail for sewing.

Fold the flap, from outside to inside of bag, through the handle loop.

With tail, sew top edge of flap to inside of bag. Work and attach a flap at remaining 3 marked locations.

Weave in ends.

Learn to Crochet

Making a Foundation Chain

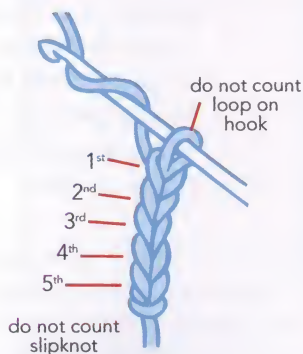

1. Start by making a slipknot and positioning it near the end of the hook. Wrap the working yarn (the yarn attached to the ball or skein) around the hook as shown. Wrapping the yarn in this way is called a yarn over.

2. Draw the yarn through the loop on the hook by catching it with the hook and pulling toward you.

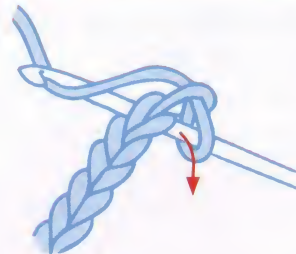

3. One chain stitch is complete. Lightly tug on the yarn to tighten the loop if it is very loose, or wiggle the hook to loosen the loop if it is tight. Repeat from step 1 to make as many chains as required for your pattern.

4. To count the number of chain stitches made, hold the chain so that the "V"s are all lined up. Do not count the loop on the hook or the slipknot you made when beginning the chain. Each V counts as one chain made.

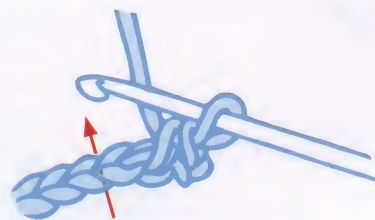

Single Crochet (sc)

1. Insert the hook under both the front and back loops (i.e., under the complete "V") of the 2nd chain from the hook. Wrap the yarn over the hook from back to front (this is called a yarn over) and catch it with the hook. Draw the yarn through the V.

2. You now have two loops on the hook. Yarn over and draw the yarn through both loops on the hook.

3. One single crochet stitch is complete. Continue to repeat steps 1 and 2, inserting the hook into each V across the row.

4. When you reach the end of the row, make one chain stitch (this is called a turning chain), then turn the piece from right to left. To begin the next row, insert the hook under the V of the first stitch (skipping the one chain stitch you just made) and repeat the steps.

Record Breakers

By hook or by crook, crocheters are wowing the world with their incredible feats.

BY MARINA SALUME

427

The most people to crochet at one time in one place. Organized by The National NeedleArts Association, the event took place at a New York Mets baseball game in 2010.

81 ft x 38 ft

The size of the largest crochet blanket, which American Daphne O'Connor finished in 2007 and took only two years to stitch. She says, "I would have finished it even sooner, but I took some time off last year."

253

Length in feet of a crochet chain that Susie Hewer of the U.K. made while running the London Marathon in 2010. "I love running, but I also did this to raise money for Alzheimer's Research U.K. in memory of my mum," she says.

1597

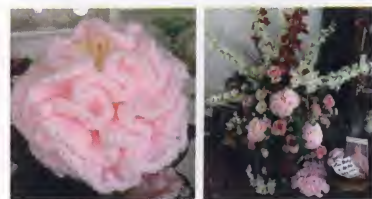

The year the first known filet crochet patterns were printed in Nuremberg, Germany. Some of the patterns were republished in *Baroque Charted Designs for Needlework* by Johan Sibmacher (Dover, 1976).

80

Length in miles of the Guinness World Record-breaking longest crochet chain, hand-chained by France's Anne Vanier-Drüssel in 2009.

30

Minutes it took American designer Lisa Gentry to crochet 5,113 stitches, winning her the Guinness World Record for Fastest Crocheter in 2005. "I've always had fast hands," she says. "I even won an award for being the fastest typist in my office!" **Download her winning pattern for free at www.hookandneedledesigns.com/fastest_crocheter.htm.**
